

April Creative Curriculum

This month, we want to work on expressive language. Please have your child describe an item from each of the areas listed below and write exactly what your child says. It's fine if the language the child uses isn't grammatically correct. Try to encourage your child to describe what it looks like (shape, color, size, etc.) or the function of the item. Some examples would be a whisk from the kitchen area, a couch from the living room, or a hair dryer from the bathroom.
