

May Creative Curriculum Activity

We have spent a lot of time this year working to learn letter sounds. This activity will help your child further develop this skill and it will give them a chance show you how much he/she has learned! Please have your child choose 10 or more letters. Then give them a chance to think of a word that pertains to summertime that begins with the sound of each letter. You can record their responses next to the letter. You might have to assist them by giving hints to possible words and writing the words next to the letter. Please fill this sheet and return by May 10th.

Thank you,

Miss Debbie and Miss Tiffany
