Instructions: As we begin the new school year, we are working on recognizing the letters in our first name. We would like for you to have your child create their own book with words and pictures that start with the first letter of their name to share with the class. Use the construction paper books provided. On the cover of the book, have them write the first letter of their first name. For example, if the child’s name was “Dylan” ...he would write a big letter “D” on the cover of his book. Then have your child cut out pictures from magazines or newspapers that represent the letter of their first name. For example, he might cut out pictures of a dog, dolphin, duck, dinosaur, and a deer. He would then glue/tape one picture on each page of his book. You might even have your child practice writing the words for each picture. Your child has now created their own book with pictures that start with the same letter of their first name. Please return this form and their new letter book.
