24	25	26	27	28	29 Our Snowball Party Day (More details will follow)	30 Happy Birthday Jeremiah
31	<p>About this Month: We will welcome winter with a month-long project of Snow and Ice. We will learn about how to build a snowman with different size circles. Do science experiments melting ice with a variety of materials. Hopefully we will get enough snow to bring some inside to paint on with watercolors. We will celebrate the end of our snow and ice project with a “Snowball Party” on Friday January 29th. The children will make snowman shirts to wear to the celebration.</p>
