

Creative Curriculum

Children will learn sequencing

Parents, a fun way to enjoy the snow this winter is to make a snowman indoors! Your child can cut out the snowmen on the attached page and then line them up in the correct sequence.

While playing you may also help them recognize the numbers one through seven. Please complete the creative curriculum project sheet and return.

Have fun!

Miss Sarah & Miss Alexis

Creative Curriculum Project

Snowman Sequencing

- 1) Number and Numerical Operations:
 - 1.1 Functional Counting
- 2) Classification and Algebraic Thinking:
 - 2.1 Classification
- 12) Object Control and Manipulation
 - 12.4 Manipulation

Child's Name: _____ Date: _____

Time Spent: 30 minutes 45 minutes 1 hour 1.5 hours 2 hours
