

Our at home project for this month is to create a kite and use a pattern of some kind on it. An example of a pattern could be something like, 2 different colors of bows on the string of the kite, repeated in the form of a pattern. It could be on the kite in a repeated pattern as well. If you need anything for this project, please let us know. We want you and your child to work on this together so they can show their understanding of patterns, or practice more elaborate patterns. Have fun!

Objective 23: Demonstrates knowledge of patterns

Miss Sarah & Miss Britney

Child's name _____

Time spent on project: 15 minutes _____ 30 minutes _____ 1 hour _____

Name of adult who helped _____

Adult signature _____

Date _____
