

Creative Curriculum Project

Planting

We have been learning about how plants grow from a seed. Have your child cut on the lines and put the pages in the correct order to make a book about planting. This promotes remembering and telling correct order. Sequencing is important for recalling and connection skills.

Please complete the Creative Curriculum project sheet and return.

Objective:

Science 25 – Demonstrates knowledge of the characteristics of living things.

Physical 7a – Use refined wrist & finger movements.

Cognitive 12b – Recognize and recall experiences.

Child's Name: _____ Date: _____

Circle Time Spent: 15 min. 30 min. 45 min. 1 hr.
