21 My Body	22	23	24	25	26	27
28	<p><b>About this Month:</b> This month we will learn about the parts of our body and how it works to keep us healthy. The children will learn about the inner workings of their body through puppet play, experiments, and books. We are also learning about our teeth and how to properly brush them through an array of fun activities. Thank you, and continue to send your child in a winter coat, hat, and gloves. We enjoy going outdoors and playing when weather permits. We plan to have a special discovery learning day on Thursday, Jan. 11 for Valentine's Day. No cards or boxes are needed for this day. We will supply the material. Have a wonderful month.</p>
