

Creative Curriculum Project

911

We are talking about fire safety and 911 in class.

Number recognition is important for your child to be able to dial 911.

This will help your child feel confidence in having the information needed should an emergency arise.

We attached an activity to assist you and your child to practice dialing 911, to teach them their address with street and city and last name to tell the 911 dispatcher.

Please complete the creative curriculum project sheet and return.
