Thanksgiving Turkey Feather

For this month's "at home project", we would like for you and your child to cut the feather shape out and decorate it with what ever you want. Be creative and use things you have around the house. We have received all kinds of decorated feathers in the past using things like leaves, foil, glitter, stickers, toothpicks, tissue paper, markers, crayons, candy wrappers, anything you can find will be great. Let us know if you need anything, like, glue or scissors. Watch how your child uses the scissors and holds their pencil. Ask your child what they are thankful for and jot it down on the front or back and encourage them to write their name on it as well. Then return this form with the feather ASAP so we can display them. Thank you so much for all you do!

Ms. Lynel & Ms. Cheryl

Did your child hold the scissors correctly? Yes or No (circle one)

Can your child write their name?

Can your child write some letters in their name?

Can your child hold the pencil with a 3-point grasp? Fist grasp?

Child's name _____

Printed name of adult helping _____

Adult signature _____ Date _____

Circle time spent: 15 _____ 30 _____ 45 _____ 1 hour _____

Verified by: _____ Date _____

Domain: Language and Literacy and Motor

Item: Writing and Object control and Manipulation

Strand: 10.2 Production, 12.4 Manipulation
